100%

👍 Excellent

Review

Validation Results:

1. **TOPIC CHECK:** Correct Topic
   The submission explicitly focuses on analyzing, cleaning, and visualizing COVID-19 data and aligns with the instructor's instructions.

2. **SUBMISSION TYPE CHECK:** Valid Solution
   The submission provided includes actual implementation with code, insights, analysis, and outputs. It is not an empty or incomplete submission.

3. **IMPLEMENTATION CHECK:** Contains Executed Code
   The submission contains executed code cells with outputs, including data loading, cleaning, analysis, visualization, and insight extraction.
